

McHenry County Lead Safe Homes Program

McHenry County's Department of Planning and Development – Community Development Division is now accepting online applications for the County's 2023-2027 Lead and Healthy Homes program. Program funding was granted from the US Department of Housing and Urban Development (HUD). The McHenry County Lead Program's mission is to eliminate childhood lead poisoning throughout our county. We are committed to making lead safe homes available to all children age 6 and under in the county by addressing health hazards where children are or can be present.

Rental property tenants may apply; however, priority will be given to qualifying homeowners who are under 80% area median income (AMI) as listed under Federal guidelines.

Public Information Meetings:

- Tuesday, February 13, 2024 from 1:00pm until 3:00pm at the County Administration Building (667 Ware Road, Woodstock, IL) in conference room 207P
- Tuesday, March 5, 2024 from 1:00pm until 3:00pm at the County Administration Building (667 Ware Road, Woodstock, IL) in conference room 207P
- Monday, March 25, 2024 from 9:00am until 11:00am at the County Administration Building (667 Ware Road, Woodstock, IL) in conference room 207P

Properties must:

- Be private, residential properties;
- Be built before 1978 (1977 and older);
- Be within McHenry County;
- Be occupied by a low-income household, OR vacant and marketed for a low-income household; and
- Have a child under the age of 6 who lives in the home, or visits often.

Please contact Michelle Halvorsen, the Lead and Healthy Homes Program Manager for questions related to this program at: **815-334-4088** or email at MLHalvorsen@mchenrycountyil.gov
